

Cleaning and Maintenance

The **natural** efficiency
taking care of your floors

TOVER[®]
Your formula

TOVER... why?

PROFESSIONAL SOLUTIONS FOR ANY SURFACE

Thanks to our knowledge of the various floor features and their finishes, we have been formulating specific and efficient products for any flooring.

SECURE FOR PEOPLE

The right way to clean a floor permits to protect both environment and the people living there.

The products marked with the “Safe for kids” symbol were designed for that reason: formulated by natural compounds, they take care of your surfaces and transform them in perfect playgrounds for your kids.

ECO-FRIENDLY PRODUCTS

Our detergents are secure for the environment being manufactured with very low impact production process.

PROTECT YOUR FLOOR IN THE BEST WAY

- Dust before every washing.
- Use specific detergents only, according to the surface you have to wash.
- On wood floors, only use well-squeezed cloths or the spray-mop not to wet the floor excessively.
- Apply the maintenance products regularly to restore worn or dull areas.
