# L'OLIO 100%

## Solvent free mono coat hardwax oil

L'Olio 100% is a finishing based on oils and natural hard waxes of vegetable origin. Water and solvent free, it is 100% solid and has an extremely high yield, you can complete a floor finishing cycle in one coat.

Its wax contents efficiently protects the wood and provides visual and tactile smoothness, while the oil penetrates deeply, nourishing the wood.

Its maintenance is easy and does not need any extraordinary intervention, you just need to wash the floor with Deteroil and periodically refresh it with Lux Matt wax emulsion.

Used over Belle Epoque, in its neutral version it can enhance the colour and in its 33 coloured versions it can create endless chromatic combinations.

Additivated with Oil-Linker, L'Olio 100% is overcoatable, thus mixing the chromatic soft effect of an oiled floor to the high strength of a lacquered one.

# OIL-LINKER

## Natural oil cross-linker

Oil-Linker is a cross-linking additive that can be mixed with Tover natural oils to increase their strength properties against wear and stains.

Oil-Linker enhances and reinforces the links among oil molecules, allowing to reach quicker its best performance. Used as an additive to L'Olio 100%, it allows to overcoat with a lacquer and ensures a perfect bonding to achieve a finish combining oil smoothness to a lacquer high strength.

# NATURAL WOOD OIL

## Invisible look water-based oil for wood

Natural Wood Oil is a water-based oil which keeps the original wood aspect protecting the surface with an open pore imperceptible coating.

Both invisible and strong, it guarantees high protection performance against abrasion, scratches, black heel marks and household chemicals.

Formulated with plant -origin resins, Natural Wood Oil is sustainable and secure for both people and the environment.

It is easy to use and evenly apply on the surface, and unlike a traditional oil, it does not require extraordinary maintenance: you only have to wash the surface with Deteroil and periodically refresh the surface with Lux Matt wax.

# MAXI OIL

## High strength hardwax oil

Maxi Oil is an high strength finishing with excellent features of resistance against intense traffic and chemicals.

Easy to apply, with no brushstrokes thanks to long drying time, OR Maxi is a flexible finish, as it is available in 4 glosses in the transparent version and in numerous colours in the matt version.

Its maintenance is easy and does not need any extraordinary intervention, you just need to wash the floor with Deteroil and periodically refresh it with Lux or Lux Matt wax emulsion.
